

Animal Percent

$$A\% \geq .50$$

$A\%$ = Number of Animal Responses/R

....is relatively immature.

....does not engage in self examination.

....has little or no insight into their behavior, thoughts, or emotions.

....does not engage in intellectual activities, reads little and is inclined to be critical of persons who do.

(Piotrowski 1979, pp. 340-341)
