

BALANCE

Synonyms: stability, poise, dignity, maturity

He is moderate in his behavior and choices, avoiding excesses of any kind.

You have a unique ability to see new ideas and new relations between ideas. But, in order to work it out, the idea has to be engineered. And then the engineered idea has to be sold to someone, or we make no money to support our spiritual and aesthetic and other human needs. So practical affairs are not inimical to the other. The problem is that I might cater too much to the soul, and so die of starvation, or too much to the body and so lose my soul.

A remarkable balance has been achieved between the various areas of personality, intellectual/spiritual, emotional, and physical, indicating mature development.

There is no over-emphasis on any particular area of life, as this individual channels his energy where it is needed at the moment. He is not extreme in any way.

Having cultivated maturity and personal rhythm, it is evident that she has worked hard to attain a moderate level of self-control and personal development--the hallmark of a balanced personality.

There is a big problem with the human drives - those things that we need or desire or can do because we are animals living on this earth. This person has most probably worked harder on the mind and maybe even art in order to make up for a lack of the more basic needs. Which is a good way to do it--much better than becoming nasty or criminal or such.

The man has courage in him. He has, according to his best lights, used difficulties in life to develop that courage. He hangs in there, whatever the hardships life presents.

In spite of the capricious weather in your life, you manage to keep a clear course, an orderly environment, and long-lasting loyal attachments.

She has a clear vision of the woman she wants to be: mature, stable, consistent, and independent.

The over-emphasis on one area--thought, action, or production--over the whole picture weakens the ability of this writer to draw from all areas equally.
