

## RESPONSIVE

Synonyms: compassionate, understanding, sympathetic

She is reactive, quickly responding to everything around her.

Good at handling crises, his rapid comprehension allows him to start improvising solutions almost the instant he understands what is going on.

Responsive to all that is happening around you, you have a strong sensitivity that makes you susceptible to getting hurt. You tend to take on the ills of the world, in the most global sense, feeling impacted by what you hear in the news as much as by your personal experiences. In order to protect yourself, you try to just skim the surface of life, not allowing what you hear to sink in too far.

You are the type who seems to naturally end up in positions of responsibility, whether you intended to be or not.

Capable of reaching firm conclusions and sticking to them, he also allows room for flexibility.

He shows some inconsistencies. At times he is too demanding of himself and his colleagues, while at other times he lets things go too long.

A sympathetic friend, your warmth and understanding draws others to you.
